Deadline: 17th September 2021

## Program

### #1 (18:00-19:00) Plenary session

- Overview of TMDU
- Introduction of Graduate School of Medical and Dental Sciences (Dentistry)
- Flow for attaining PhD academic degree
- Procedure for studying abroad (both national and private funding)
- Financial supports available while studying at TMDU
- Current and frontier research at TMDU

### #2 (19:00-20:00) Breakout session (Breakout Rooms)

Small-group discussion time on research topics of your choice with TMDU faculty, TMDU international students and TMDU alumni.

This event's purpose is twofold, to provide information on studying at TMDU, and to strengthen our global network with our international dental alumni through sharing information on dental research conducted at TMDU.

Those who are interested in studying at TMDU are highly welcome to join this session and encouraged to also participate in the Breakout Rooms for deeper conversations with the department faculty.
